

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (H. Con. Res. 232) was agreed to.

The preamble was agreed to.

# INTERNATIONAL MALARIA CONTROL ACT OF 2000

Mr. SESSIONS. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of Calendar No. 728, S. 2943.

The PRESIDING OFFICER. The clerk will report the bill by title.

The legislative clerk read as follows:

A bill (S. 2943) to authorize additional assistance for international malaria control, and to provide for coordination and consultation in providing assistance under the Foreign Assistance Act of 1961 with respect to malaria, HIV, and tuberculosis.

There being no objection, the Senate proceeded to consider the bill.

Mr. SESSIONS. Mr. President, I ask unanimous consent that the bill be read the third time and passed, the motion to reconsider be laid upon the table, and any statements relating to the bill be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The bill (S. 2943) was read the third time and passed, as follows:

S. 2943

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

## SECTION 1. SHORT TITLE.

This Act may be cited as the "International Malaria Control Act of 2000".

## SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The World Health Organization estimates that there are 300,000,000 to 500,000,000 cases of malaria each year.

(2) According to the World Health Organization, more than 1,000,000 persons are estimated to die due to malaria each year.

(3) According to the National Institutes of Health, about 40 percent of the world's population is at risk of becoming infected.

(4) About half of those who die each year from malaria are children under 9 years of age.

(5) Malaria kills one child each 30 seconds.

(6) Although malaria is a public health problem in more than 90 countries, more than 90 percent of all malaria cases are in sub-Saharan Africa.

(7) In addition to Africa, large areas of Central and South America, Haiti and the Dominican Republic, the Indian subcontinent, Southeast Asia, and the Middle East are high risk malaria areas.

(8) These high risk areas represent many of the world's poorest nations.

(9) Malaria is particularly dangerous during pregnancy. The disease causes severe anemia and is a major factor contributing to maternal deaths in malaria endemic regions.

(10) Pregnant mothers who are HIV-positive and have malaria are more likely to pass on HIV to their children.

(11) "Airport malaria", the importing of malaria by international travelers, is becoming more common, and the United Kingdom reported 2,364 cases of malaria in 1997, all of them imported by travelers.

(12) In the United States, of the 1,400 cases of malaria reported to the Centers for Disease Control and Prevention in 1998, the vast majority were imported.

(13) Between 1970 and 1997, the malaria infection rate in the United States increased by about 40 percent.

(14) Malaria is caused by a single-cell parasite that is spread to humans by mosquitoes.

(15) No vaccine is available and treatment is hampered by development of drug-resistant parasites and insecticide-resistant mosquitoes.

## SEC. 3. ASSISTANCE FOR MALARIA PREVENTION, TREATMENT, CONTROL, AND ELIMINATION.

(a) FINDINGS.—Congress recognizes the growing international problem of malaria and the impact of this epidemic on many nations, particularly in the nations of sub-Saharan Africa. Congress further recognizes the negative interaction among the epidemics of malaria, HIV and tuberculosis in many nations, particularly in the nations of sub-Saharan Africa. Congress directs the Administrator of the United States Agency for International Development to undertake activities designed to control malaria in recipient countries by—

(1) coordinating with the appropriate Federal officials and organizations to develop and implement, in partnership with recipient nations, a comprehensive malaria prevention and control program; and

(2) coordinating, consistent with clause (i), malaria prevention and control activities with efforts by recipient nations to prevent and control HIV and tuberculosis.

(b) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the President \$50,000,000 for each of the fiscal years 2001 and 2002 to carry out this paragraph.

## SEC. 4. COORDINATION AND CONSULTATION.

(a) IN GENERAL.—In providing the assistance and carrying out the activities provided for under this Act, the Administrator of the United States Agency for International Development should work in coordination with appropriate Federal officials.

(b) PURPOSE.—The purpose of such inter-agency coordination and consultation is to help ensure that the financial assistance provided by the United States is utilized in a manner that advances, to the greatest extent possible, the public health of recipient countries.

(c) PROVISION OF INFORMATION TO RECIPIENT COUNTRIES.—The Administrator of the United States Agency for International Development shall take appropriate steps to provide recipient countries with information concerning the development of vaccines and therapeutic agents for, HIV, malaria, and tuberculosis.

(d) INFORMATION SPECIFIED.—The Administrator of the United States Agency for International Development should provide to appropriate officials in recipient countries information concerning participation in, and the results of, clinical trials conducted by United States Government agencies for vaccines and therapeutic agents for HIV, malaria, and tuberculosis.

(e) CONSIDERATION OF INTERACTION AMONG EPIDEMICS.—The Administrator of the United States Agency for International Development should consider the interaction among the epidemics of HIV, malaria, and tuberculosis as the United States provides financial and technical assistance to recipient countries under this Act.

## SUPPORTING EFFORTS OF BOLIVIA'S DEMOCRATICALLY ELECTED GOVERNMENT

Mr. SESSIONS. Mr. President, I ask unanimous consent that the Foreign Relations Committee be discharged

from further consideration of S. Res. 375, and the Senate then proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered. The clerk will report the resolution by title.

The legislative clerk read as follows:

A resolution (S. Res. 375) supporting the efforts of Bolivia's democratically elected government.

There being no objection, the Senate proceeded to consider the resolution.

Mr. SESSIONS. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, and any statements relating to the resolution be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 375) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 375

Whereas the stability of democracy in Latin America and the eradication of illegal narcotics from the Andean nations are vital national security interests of the United States;

Whereas the democratically elected Government of Bolivia has taken dramatic steps to eradicate illegal narcotics under the Dignity Plan, resulting in the elimination of 80 percent of the illegal coca crop in just two years, a record of achievement unmatched worldwide;

Whereas the Government of Bolivia is now approaching the completion of coca eradication in the Chapare and will begin eradication operations in the Yungas regions in 2002;

Whereas there are indications that narcotics traffickers from outside Bolivia are stepping up efforts to keep a foothold in Bolivia by agitating among the rural poor and indigenous populations, creating civil disturbances, blockading roads, organizing strikes and protests, and taking actions designed to force the Government of Bolivia to abandon its aggressive counter narcotics campaign; and

Whereas the government of Bolivian President Hugo Banzer Suarez has shown remarkable restraint in dealing with the protesters through dialogue and openness while respecting human rights: Now, therefore, be it

*Resolved*, That (a) the Senate calls upon the Government of Bolivia to continue its successful program of coca eradication and looks forward to the Government of Bolivia achieving its commitment to the total eradication of illegal coca in Bolivia by the end of 2002.

(b) It is the sense of the Senate that—

(1) the United States, as a full partner in Bolivia's efforts to build democracy, to eradicate illegal narcotics, and to reduce poverty through development and economic growth, should fully support the democratically elected Government of Bolivia;

(2) the release of emergency supplemental assistance already approved by the United States for sustainable development activities in Bolivia should be accelerated;

(3) on a priority basis, the President should look for additional ways to provide increased tangible support to the people and Government of Bolivia;

(4) the Government of Bolivia should continue to respect the human rights of all of
